**ANNUAL GRATITUDE REPORT
2016**

Our Mission

Can Do Canines is dedicated to enhancing the quality of life for people with disabilities by creating mutually beneficial partnerships with specially trained dogs.

Our Vision

We envision a future in which every person who needs and wants an assistance dog can have one.

FROM OUR EXECUTIVE DIRECTOR & BOARD CHAIR

Dear Friends,

We are pleased to provide you the highlights of Can Do Canines 2016 accomplishments in this annual report. We are grateful for the tireless work of many dedicated volunteers, donors, and staff who contributed to this important year. Your contribution—whether it was financial, volunteer, or both, moved our mission forward as we strive to provide more high-quality assistance dogs in the community.

We were blessed with unique opportunities in 2016. Our friend, Cory Hepola, at NBC affiliate KARE 11-TV took a special interest in our organization and developed a 14-part series of short stories about Can Do Canines that began airing in 2016. In total, Can Do Canines received 56 media spots locally and nationwide.

This year 80 puppies were born through our breeding efforts and our direct involvement with the ABC Breeding Cooperative. To support this growth we added a new prison puppy program in 2016, the first one in Wisconsin. Our waiting list remained long, but we certified 50 new assistance dog teams during the year. We provided services to more than 295 active clients during 2016. At year-end, we had certified a total of 573 assistance dog teams since our start in 1989.

Volunteers remain the life-blood of Can Do Canines. In 2016, 774 volunteers contributed

352,270 hours of service. This includes 254 volunteer Foster Homes and Puppy Raiser homes and 114 inmates at four prisons which helped raise 218 puppies and dogs in our training program. We are so grateful for their support during 2016.

Individual contributors continue to be the most important source of support for our work. In addition to funding our daily operations, contributors made it possible for Can Do Canines to pay off our mortgage in 2016, resulting in a completely debt-free organization! Your generosity is what makes it possible to continue to provide these specially trained dogs, free of charge.

We approach 2017 with a great deal of enthusiasm over the opportunities before us. Plans were made to add another prison program in the new year for a total of five. With this new partnership and your continuing support, we plan to once again increase the number of new, certified assistance dog teams in 2017.

Your involvement with Can Do Canines gives life to our mission and meaning to our work. Thank you for joining us in this important endeavor.

LISA PETERSON & SEIZURE ASSIST DOG MORRIE

Seizure Assist Dogs are trained in a number of skills to help their human after a seizure occurs. Some dogs even possess the gift of exhibiting pre-alerting behavior during their training. When this happens, Can Do Canines staff help “shape” this behavior so as to help the client. Morrie just so happens to be one of the talented dogs who has displayed this intuition.

Ask Lisa Peterson to share how it feels to graduate with her first seizure assistance dog, and she'll quickly direct the praise to her beautiful companion: “It's all Morrie. He deserves all the credit.”

Lisa and Morrie began their journey together recently, but in that short time, the exuberant Yellow Labrador Retriever has become a lifesaver to Lisa.

“Morrie is such a blessing. He gave me my life back. Now my family can leave for work and school without worrying about me.”

Lisa has struggled with a seizure disorder, called PNES, for over ten years. Her situation became even more dire three years ago, when Lisa lost the “aura” she relied upon to alerting her to an impending episode. Her seizures began to come without warning. They would occur in precarious places, such as in the shower or on the stairs, putting her in danger of getting hurt. Afterwards, Lisa would be left dazed, confused, and sometimes alone.

Lisa's family was initially hesitant about welcoming

Morrie into their home, but soon realized how much of a help he could be. They watched him form an incredible bond with Lisa; he helped her avert emergencies, and gave them all the greatest gift of all—peace of mind. The Petersons fell in love with Morrie, and now he is a bona fide member of the family. He is always ready to work, and just as ready to play.

Morrie has amazed others as well! One time, while at a salon appointment, Morrie, who had been peacefully resting by Lisa's chair, suddenly jumped up and began nudging and pawing at Lisa. The stylist quickly helped them to a quiet area and Morrie laid down next to Lisa, where he remained for the duration of the seizure (three-four minutes). When it was over Lisa heard cheering and clapping. It was only then that she realized that they were in full view of salon staff and patrons.

“Of course they wanted to praise and pet Morrie, but he wouldn't budge from my side—he was still at work!”

“What a gift,” she added tearfully; at the first sign of her tears, Morrie popped up from his spot on the carpet and ran to Lisa. Lisa is thankful to the many caring people who helped make a difference in her and Morrie's lives. “Thanks to the entire Can Do Canines family who welcomed us, and supported us, and made sure that Morrie and I were a good fit.”

**“IT HELPS TO
HAVE THAT
REASSURANCE.”**

Sometimes the smallest things in our lives have the greatest impact on us. This is certainly true of all the help Hearing Assist Dog Lila has given Megan.

Megan Schmidt first began to lose her hearing when she was three years old. Throughout the years she has sought ways to help her live an independent life—she has two cochlear implants that help give her some of her hearing and freedom back.

Living with her family provided a level of comfort and security. But the twenty-two-year-old now lives on her own, and realized she needed help.

“Growing up I always had my parents looking out for me,” she says. “They were always around if there were strange noises or alarms or visitors. Now that I live on my own, I can’t rely on other people anymore.”

Enter Lila, a sweet two-year-old Terrier mix donated by the Animal Humane Society. She is trained to alert Megan to sounds like smoke alarms, timers, and door knocks. Lila bounds to Megan to alert her and has even begun to alert Megan if she dropped something.

While Lila’s job is to notify Megan of sounds, the intangible things she provides are the biggest gifts of all—the knowledge that Megan is safe.

“It helps to have that reassurance,” Megan says. “I don’t have to pay attention to everything on my own. It’s not always on me.”

Megan is eternally grateful to the Puppy Program Volunteers and donors for bringing such a helpful ball of joy into her life. “Thank you so much,” she says. “It’s definitely been life changing for me and others. It gives us that extra level of being able to live life on our own. It wouldn’t be nearly as easy without the dogs that Can Do Canines provides.”

A Phoenix rises from the ashes and gives rebirth to what once was lost. The name Phoenix could not be more fitting for Bill Kostur's Mobility Assist Dog; she has helped him rise from the ashes and retake control of his life.

Bill suffers from Parkinson's Disease, a progressive neurological condition where dopamine (the neurotransmitter responsible for movement) production slowly ceases, leading to a loss of fine motor control. For Bill, this means persistent challenges, such as falling or dropping important objects.

Bill first learned about Can Do Canines at a Parkinson's event. He recalls being amazed by what a Mobility Assist Dog was capable of, and as his disease progressed, Bill and his wife, Nancy sought out Can Do Canines.

He was later matched with Phoenix, a Standard Poodle. "Phoenix is a constant source of hope and independence for me," Bill says.

In their time together, Phoenix has mastered the tasks of getting Bill up and ready in the morning, assisting him throughout the course of his day, helping him get dressed and undressed, and ready for bed. She has even learned how to re-adjust the foot rests on his wheel chair. "Phoenix is a full partner in keeping me safe," Bill says, "and that requires me to nurture her need to assist."

Bill and Nancy are grateful to the many Can Do Canines staff and supporters that have helped make this relationship possible. "Everything she does for me is because of the two years of training she received before me," Bill says. "Thanks to all of you, she has changed my life."

ELIKIA JOHNSON & DIABETES ASSIST DOG ONYX

**“SHE'S ALWAYS THERE
FOR ME AND LOVES ME
UNCONDITIONALLY”**

Elikia Johnson has type 1 brittle diabetes—although, you probably wouldn't realize that by looking at her. She works as a server at a restaurant and is attending college full-time to earn a bachelor's degree in nursing.

Elikia grew up in Africa where her parents did non-profit relief work. When she was 17, she moved to the United States to gain more control over her disease and further her education. Living on her own, she realized in order to pursue her dreams and live the life she wanted, she needed help.

Brittle diabetes is characterized by large, sudden swings in blood glucose levels—swings that can harm vital organs and even lead to hospitalization.

Elikia found the perfect partner in Onyx, a Black Labrador Retriever. The lively dog uses her acute sense of smell to detect low blood sugar levels, then immediately alerts by jumping up and pawing at Elikia, or using “nose nudges” when Elikia is sleeping or sitting down. “After Onyx alerts me, I'll check my blood sugar. If it's low, I'll have her go to the fridge and bring me a juice box.”

One morning while Elikia was drying her hair, Onyx approached with her nose pointing towards the blow dryer. “She came up and pawed at me. I thought she must really want to see the blow dryer, but when I showed it to her she ran away,” Elikia says. “Then she came back and started pawing at me again. I said, ‘Okay, if you want me to check my blood sugar, I will.’ I did, and it was low.”

Oynx learned these skills thanks to Can Do Canines staff, supporters, and volunteers. “Onyx doesn't just help me with my blood sugars, she's a great companion. She's always there for me and loves me unconditionally. I can't imagine a day without her.”

What is a parent supposed to do when their child has chosen to stop communicating with them? This is the predicament the Reithers found themselves facing. Thankfully, there was a perfect solution that came equipped with a wagging tail and lots of love.

Sophia and her twin brother, Nicholas were born premature and with fragile X syndrome. By age four, she had been diagnosed with autism and wore a hearing aid.

When Sophia is frustrated, she will call people names or roll on the floor and refuse to get up. She might run and hide, be aggressive, or be unable to calm herself down. She is a selective mute and also has trouble understanding the world around her.

After applying at Can Do Canines, Sophia was paired with a beautiful Black Labrador Retriever named Rylee. "I always wanted a sister," she says, "and now I've got one!"

Since Rylee joined the family, Sophia is able to sleep alone, is performing better academically, and is able to be her own advocate. The result is a safer experience at school and in public. Her confidence has skyrocketed, which is seen in her relationships with others. "In school, they say it was like a switch or fog had lifted," says her mother, Michelle.

Thanks to Rylee, Sophia is calmer, happier, and best of all, she communicates.

"We did not know what Sophia's future was going to be. The doctors didn't necessarily see that there was going to be a future," Michelle says. "I'm seeing a completely different child who has the ability to learn new skills and be a productive member of society and help others, too."

LEGACY CLUB

The Legacy Club honors two groups of generous individuals: those who, while living, inform Can Do Canines of their intentions to include us in their will or planned giving device, and those who have passed on (indicated with a D) and already made bequests to further our work. We are grateful for their faith in Can Do Canines.

CAN DO CANINES DONOR PRIVACY POLICY

Can Do Canines is committed to respecting the privacy of our donors. We have developed this privacy policy to ensure our donors that donor information will not be shared with any third party. Can Do Canines provides this Donor Privacy Policy to make you aware of our privacy policy, and to inform you of the way your information is used. We also provide you with the opportunity to remove your name from our mailing list, if you desire to do so.

We collect and maintain the following types of donor information:

- Contact information: name, organization, complete address, phone number, email address;
- Payment information: credit card number and expiration date, and billing information;
- Requests to receive periodic updates: e.g., to individuals who request it, we will send periodic mailings and/or e-mails related to Can Do Canines events, newsletters, and general or specific fund-raising events or appeals.

Can Do Canines uses your information to complete a transaction, communicate back to you, and update you on organization happenings. Credit card numbers are used only for donation or payment processing and are not retained for other purposes. Can Do Canines will not sell, rent, or lease your personal information to other organizations. We assure you that the identity of all our donors will be kept confidential. Use of donor information will be limited to the internal purposes of Can Do Canines. It is our desire to not send unwanted mail to our donors. Please contact us if you wish to be removed from our mailing list or e-mail communications.

If you have comments or questions about our donor privacy policy, please send us an email at info@can-do-canines.org or call us at 763-331-3000.

OUR DOGS THANK YOU

Because of your donations in 2016 our dogs are having a ball in their exercise yard with AstroTurf. The artificial lawn withstands large numbers of dogs, keeping them free of dirt and mud while being a bug-free zone.

SPECIAL THANKS
