

2013 Annual Report

Can Do Canines

Mission Statement

Can Do Canines is dedicated to enhancing the quality of life for people with disabilities by creating mutually beneficial partnerships with specially trained dogs.

Vision Statement

We envision a future in which every person who needs and wants an assistance dog can have one.

2013 AT A GLANCE

Can Do Canines participated in **150** demonstrations and public events in 2013.

Puppies donated by breeders in 2013—

Puppies born to Can Do Canines litters in 2013—

Dogs donated by shelters and other sources in 2013—

thank you

Can Do Canines completed its **\$4.4 million Capital Campaign** to raise funds and acquire property on four acres in New Hope, Minn., add kennel space and renovate our building and property to meet the needs of our clients and dogs in training. Thank you for your support during the campaign.

Graduate Teams

*Can Do Canines aims to graduate an additional 10 new teams, per year, over the next four years.

FROM THE BOARD CHAIR & EXECUTIVE DIRECTOR

Feeling equal parts of pride and gratitude, it is our pleasure to provide you with highlights of the many accomplishments that were achieved by Can Do Canines during 2013. The work of many dedicated volunteers and hardworking staff contributed to this important year of transition for the organization. Your contribution to this effort, whether it was financial, volunteer, or both, moved our mission forward as we strive to provide more high-quality assistance dogs in the community.

During 2013, the board of directors and staff, after reviewing extensive feedback from volunteers and contributors, carefully completed a strategic planning process for Can Do Canines. While the results are wide-ranging and touch many parts of the organization, one overriding goal resulted: devote resources to growing the number of assistance dog teams trained each year while maintaining the high quality of training for each assistance dog placed. This goal was motivated by a growing list of qualified applicants and the fact that our wonderful new facility had capacity to do so much more.

In the end, a goal was set to increase the number of graduates by 10 new teams per year over the next four years, ultimately more than doubling the number of graduates from the 36 teams graduated during 2013. It is a big, ambitious goal and we will undoubtedly face challenges along the way, but we are committed to this path and will do our very best.

As 2013 ended, we celebrated the completion of Phase III of the Capital Campaign, the final step in this journey. Phase III raised money to fund the expansion of critical materials and support systems that will allow us to carry out the goals set in our strategic plan. We also successfully completed the overall \$4.4 million capital campaign itself. This more than five-year effort secured the future of Can Do Canines with a wonderful training facility and gifts that will pay off our mortgage in full by 2017.

Volunteer puppy raisers continue to be the key to readying our young canines for their future jobs as assistance dogs. We had 79 puppy raisers providing service to the organization during 2013. In all, 21 puppies were born through our breeding program and more than 450 volunteers supported our work during the year. At year-end, we had graduated a total of 443 assistance dog teams.

At the end of 2013, we agreed to add a third prison in 2014 to help raise and train our puppies, this time at the Federal Correctional Institution in Duluth. Working with the prisons has been a win-win situation for all involved. We hope to add additional prisons as our partners in the future.

Generous gifts from individual contributors continue to be the most important source of support for our work. Your generosity is what makes it possible to continue to provide these specially trained dogs, free of charge.

Our three largest special events, the Fetching Ball, the Tails of Independence fundraising luncheon, and the Woofaroo Festival and Walk have been very successful, growing from a total of \$216,000 in 2012 to more than \$337,000 in 2013.

Can Do Canines continued to make a difference in the lives of people with disabilities during 2013 while setting high standards and producing the best assistance dogs for our clients. We are so very proud of everyone who contributed to our success during the year.

We wish we could share every story behind each graduate who walked through our doors during the last year as each story is unique and touches our hearts. Instead, we have picked five graduates to help you better understand our five areas of service and the changes they provide in the lives of our clients.

Your involvement with Can Do Canines gives life to our mission and gives meaning to our work. Thank you for joining us in this important endeavor.

Alan M. Peters
Executive Director

MarySue Krueger
Board Chair

Meet Our Graduate Teams

Assistance Dogs for:
HEARING LOSS • MOBILITY CHA

COLLIN SHAUGHNESSY & DIABETES ASSIST DOG GILES

When anyone loses a pet, it can be a painful experience. But when someone loses a Can Do Canine, it's not only the loss of a companion, it's the loss of that person's independence.

This is indeed what happened to Collin Shaughnessy of Shoreview, Minn. Her Can Do Canines assistance dog, Cher, seen on the cover of this report, a well-loved and critical fixture in her life for four years, passed away from lymphoma in June 2013.

Understanding full-well the severity of her Type 1 diabetes, including her hypoglycemia unawareness—the inability to detect the signs of low blood glucose levels—Collin knew she would need another dog quickly to help keep her safe and applied for a successor dog with Can Do Canines.

"Some people may think—oh how dramatic. But this is lifesaving stuff," Collin says. "If my blood sugar levels drop too low, I could go unconscious, I could get brain damage—it's nothing to mess around with."

So in July of 2013, Can Do Canines found a great dog to meet Collin's needs and help keep her safe. Giles, a sweet two-year-old black Labrador retriever, had the talent for diabetes scent work as well as the skills of a mobility assist dog.

"I drop things a lot due to my fibromyalgia and have trouble picking them up. But Giles picks things up, brings

*"This is
lifesaving
stuff"*

them to me and sets them right in my lap," Collin says. "He even pulls off my socks. That's the most wonderful thing in the whole world!"

Like his predecessor, Giles alerts Collin when her blood sugar is low, gets juice when she needs it in addition to retrieving dropped items. "He's very good at detecting and he's even better at nudging me and letting me know my blood sugar is low and it's time to test," Collin says. "He comes right up and will even lick my face ... He's not subtle about it at all!"

Collin knows that donors to Can Do Canines enable clients to receive the dogs at no charge. To that she says, "What you do means everything. I couldn't afford to get an assistance dog without your contributions." She has done all she can to help raise funds for the organization, including directing all memorials for her mother to go to Can Do Canines. "We try to do whatever we can to repay what they've given us. Can Do Canines has always been appreciative of whatever amount we could give. That makes me feel good." ❤

EMILY SMITH-LUNDBERG & HEARING ASSIST DOG SIMON

The challenge of not being able to hear sounds has not deterred Emily Smith-Lundberg from living life to the fullest and being proud of her deaf culture. Growing up, she attended deaf awareness fairs and knew one day she would like to have a Hearing Assist Dog of her own.

The timing was right when Emily and her husband Dan, who is also deaf, bought a house in 2003. She applied to have their pet dog, Gracie, trained to become a Hearing Assist Dog and the two were an inseparable team until Gracie passed away in 2011. While Emily grieved her loss, she knew another assistance dog was needed to maintain her life of freedom and independence.

In 2013, Can Do Canines matched her with a Cavalier-Poodle mix named Simon and the two began to work together as a team. Today, Emily's new companion is always on alert, listening for important sounds like a door

*"I'm very
thankful for
Simon's abilities,
and my kids
adore him too!"*

knock, a phone call or Emily's young children calling for help. When an important sound occurs, Simon bounds over to her with the enthusiasm of a furry little messenger.

"Simon is very enthusiastic about sounds and alerting me," Emily says. "I'm very thankful for his abilities, and my kids adore him too!"

To all the volunteers, staff and donors who helped make the placement possible, Emily says, "Thank you from the bottom of my heart for Simon. I feel he is really the dog he is because of the great care and love he got from you." ❤

CHALLENGES • SEIZURE DISORDERS • TYPE 1 DIABETES • CHILDHOOD AUTISM

ERIC KRITZMIRE & MOBILITY ASSIST DOG SAVANNAH

Despite a spinal cord injury, Eric Kitzmire of Sioux Falls, S. Dak., has been determined to live life to the fullest. He works full time, drives a modified van and owns his own home. However, he was finding there were still areas where he needed help. Dropped items were a challenge, opening and closing doors was difficult, and if he were alone in an emergency, he would not be able to get help.

So he applied to Can Do Canines and was soon matched with Savannah, a two-year-old yellow Labrador retriever. He says, "When I first met Savannah, the connection was almost instant."

Savannah picks up items Eric drops, opens and closes the door and gets the phone when needed. She even helps him with the laundry! Savannah has her own spot under his work desk, and on lunch breaks you can find the two either hanging out with coworkers in the lunchroom or going out to a restaurant, where Eric reports, "She is perfect."

When asked how it feels to have an assistance dog around to help, Eric grins, "It feels really good. She brightens up my life." ❤

KRISTA MOHS & SEIZURE RESPONSE DOG DEXTER

Diagnosed seven years ago with epilepsy, Krista Mohs of Cologne, Minn., had to stop working due to her seizures. She says, "One day I went out to the mailbox, had a seizure and collapsed by the side of the road. That experience really frightened me."

But hope came unexpectedly when Krista adopted a Cairn terrier named Dexter and discovered he had a hidden talent. When Krista had a seizure Dexter would come right up and cuddle with her, providing calm and safety while she recovered and became re-oriented to her surroundings. He even began to alert her to oncoming seizures, something learned all on his own.

Krista decided to take the time to train Dexter and contacted Can Do Canines to help develop Dexter's innate abilities and become a certified assistance dog. Dexter now alerts Krista to a seizure with a "touch," rather than a nip and consistently calms her when a seizure occurs. Also, Krista sets her cell phone alarm to wake her to take medications. Often the alarm doesn't wake her up, but Dexter now does!

Since Dexter, Krista has been able to renew her driver's license and is working part-time as a nanny. She smiles, "Dexter makes me feel safe; I can function. He's changed my life—physically and mentally." ❤

MARCO BIANCONI & AUTISM ASSIST DOG JAYCEE

There was a time when Marco Bianconi's parents, Rachel and Brad, had to carry him kicking and screaming into the dentist's office. A time when Marco had not slept one full night in his own room and had a minimal vocabulary, which created frustration when he couldn't express his needs.

This was a time before Autism Assist Dog Jaycee, a two-year-old yellow Labrador retriever, entered the Bianconi's lives. Marco, of Lino Lakes, Minn., was diagnosed with autism when he was just two years old. Now at the age of nine and with an assistance dog at his side, Marco's, and his parent's lives, have been transformed.

"The first night Jaycee came to stay, they slept all night together in Marco's room," Rachel reports. "This was a wonderful improvement!" Besides sleeping better, Marco has become more verbal and likes to talk to Jaycee. "At Marco's last visit to the dentist, he walked in under his own power with Jaycee by his side and said 'Hi' to the staff," Rachel said. "I started crying because I never thought that would happen. Jaycee is a blessing." ❤

2013 Graduate Teams

Assistance Dogs for:
HEARING LOSS • MOBILITY CHALLENGE

WHAT WE Do:

Can Do Canines has been serving the community since 1989 and has placed more than 440 assistance dogs with people who have a disability.

A non-profit based in New Hope, Minn., the organization relies primarily on individual contributions to provide our dogs to clients, free of charge.

Hearing Assist Dogs are often selected from local animal shelters. The dog alerts a person who is deaf or hard of hearing to sounds by making physical contact with them and then leading them to the source of the sound.

Mobility Assist Dogs work with people who have mobility challenges and other needs. They pick up and carry objects, pull wheelchairs, open doors and help pay at tall counters.

Seizure Response Dogs respond to a person having a seizure by licking their face, retrieving an emergency phone and alerting other family members.

Diabetes Assist Dogs detect low blood sugar levels by sensing a change in their partner's breath. The dog alerts their partner by touching them in a significant way.

Autism Assist Dogs keep children with autism safe in public settings and help them experience the world more fully by offering comfort and assurance. These special dogs also serve as a social bridge between the family and the public.

2013 VOLUNTEERS & PUPPY RAISERS

Volunteers are a vital asset to completing our mission at Can Do Canines. Their commitment and enthusiasm are unparalleled. Puppy Raisers give a good dog a great home and provide the stimulation, guidance and education necessary to prepare the puppy for its future as an assistance dog. We could not provide this vital service without them. Puppy Raisers are noted with a ♀ beside their name.

2013 CONTRIBUTORS

Since Can Do Canines graduated its first team in 1989, more than 440 people have received assistance dogs from the organization at no charge. Our average cost for each team trained is \$25,000. It is only through contributions like yours that we're able to continue to carry out our mission and provide trained assistance dogs to those in need. Thank you for your support.

Legacy Club

The Legacy Club honors two groups of generous individuals; those who, while living, inform Can Do Canines of their intentions to include us in their will or planned giving device, and those who have passed on (indicated with a D) and already made bequests to further our work. We are grateful for their faith in Can Do Canines.

Can Do Canines Donor Policy

Can Do Canines is committed to respecting the privacy of our donors. We have developed this privacy policy to ensure our donors that donor information will not be shared with any third party. Can Do Canines provides this Donor Privacy Policy to make you aware of our privacy policy, and to inform you of the way your information is used. We also provide you with the opportunity to remove your name from our mailing list, if you desire to do so.

We collect and maintain the following types of donor information:

- contact information: name, organization, complete address, phone number, email address;
- payment information: credit card number and expiration date, and billing information;
- requests to receive periodic updates: e.g., to individuals who request it, we will send periodic mailings and/or e-mails related to Can Do Canines events, newsletters, and general or specific fund-raising events or appeals.

Can Do Canines uses your information to complete a transaction, communicate back to you, and update you on organization happenings. Credit card numbers are used only for donation or payment processing and are not retained for other purposes. Can Do Canines will not sell, rent, or lease your personal information to other organizations. We assure you that the identity of all our donors will be kept confidential when requested. Use of donor information will be limited to the internal purposes of Can Do Canines. It is our desire to not send unwanted mail to our donors. Please contact us if you wish to be removed from our mailing list or e-mail communications.

If you have comments or questions about our donor privacy policy, please send us an email at info@can-do-canines.org or call us at 763-331-3000.

Resources**

Can Do Canines' next generation of assistance dogs are already being raised and trained to help those in need. With your support, we can continue to provide these specially trained dogs, free of charge, and create freedom, independence and peace of mind in the lives of people with disabilities.

Visit can-do-canines.org to learn how to help.
