# A Letter From **EXECUTIVE DIRECTOR ALAN PETERS & BOARD CHAIR BOB WHITE**

Dear Friends,

As we celebrate our 30th anniversary in 2019, we are both proud of our accomplishments and excited for the future. With the support of the community, we have improved the quality of life for hundreds of people with disabilities. We look forward to continuing this important work with all of you.

We are pleased to share this report of Can Do Canines accomplishments in 2018. Throughout these pages you'll see our mission come to life through the stories and words of our graduates. You'll see the many people who have helped make Can Do Canines possible. And we hope you'll be inspired to continue your support.

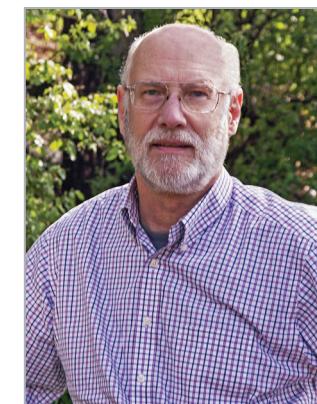

Through the help of donors, volunteers, graduates, inmate handlers, and staff, there is much to be proud of in 2018. Firstly, we certified 46 assistance dog teams—a 10% increase over 2017.

Secondly, we helped push autism research forward. We continued our work with the University of Minnesota's research project on the psychosocial and biobehavioral effects on children with autism spectrum disorder who have an Autism Assist Dog.

We added two new prison programs to support our growth. Chippewa Valley Correctional Facility in Wisconsin will help litters of puppies, while Federal Medical Center Rochester will work raising and training older dogs.

**“Everyday’s an adventure. It’s been a life-changing adventure.”**

### Levi and Mobility Assist Dog Dempsey

Levi has trouble bending over. “With this chair, it’s got an elevator so that puts me up a few inches higher than I would normally be, which makes picking up things off the floor difficult, especially if they’re thin things like debit cards,” he explains.

Before Dempsey, if Levi dropped something in public, he had to rely on a stranger to help him. Unfortunately, this could be a risky decision. “Sometimes you gotta do what you gotta do, and you cross your fingers and hope they don’t run off with your phone,” he says.

In the fall of 2017, Levi noticed a change. “I realized things were getting a little bit more time and energy consuming: opening up doors, pushing buttons, picking up keys that I dropped regularly,” he says.

Now Dempsey is there to bridge the gap for Levi. He says, “If I drop my wallet on the light rail station, [Dempsey’s] there to pick it up, and I don’t have to worry about maneuvering correctly to pick it up ... he’ll just grab it ... in the five seconds it takes him to grab it, it would take me two minutes.”

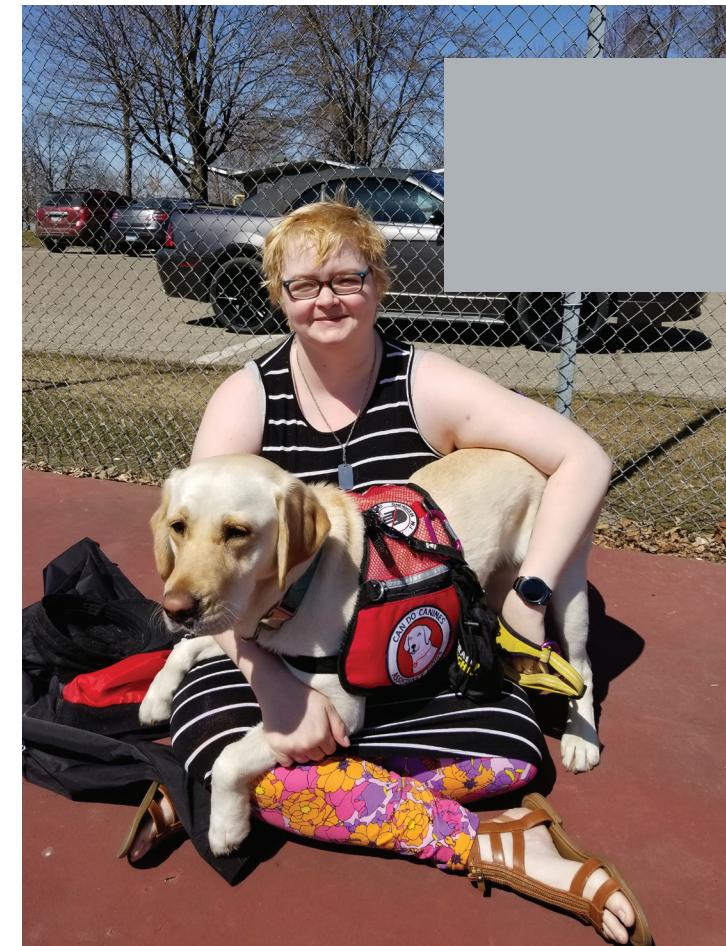

When asked what it’s been like working with Dempsey, Levi looks up, smiles, and thinks a moment. “Everyday’s an adventure. It’s been a life-changing adventure.”

He continues, saying, “These dogs are gonna go into homes where they’re gonna not only be helpful ... but they’re going to have unconditional love. And I think any animal deserves that.”

Wendy and Hearing Assist Dog Yukon

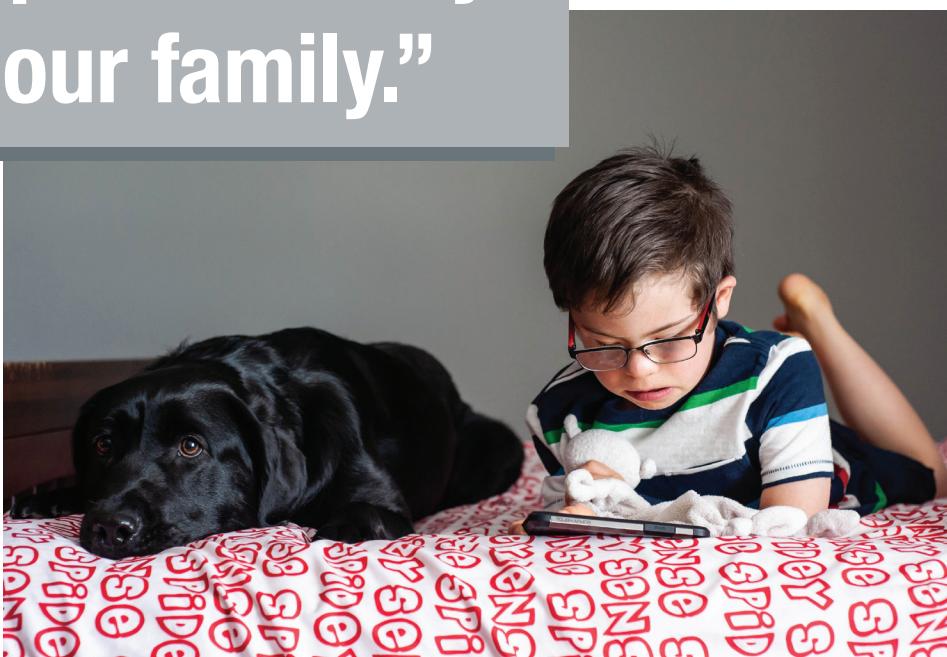

**"She's just been  
a really important  
part of our family  
since the day she  
moved in."**

Haley and Seizure Assist Dog Yolo

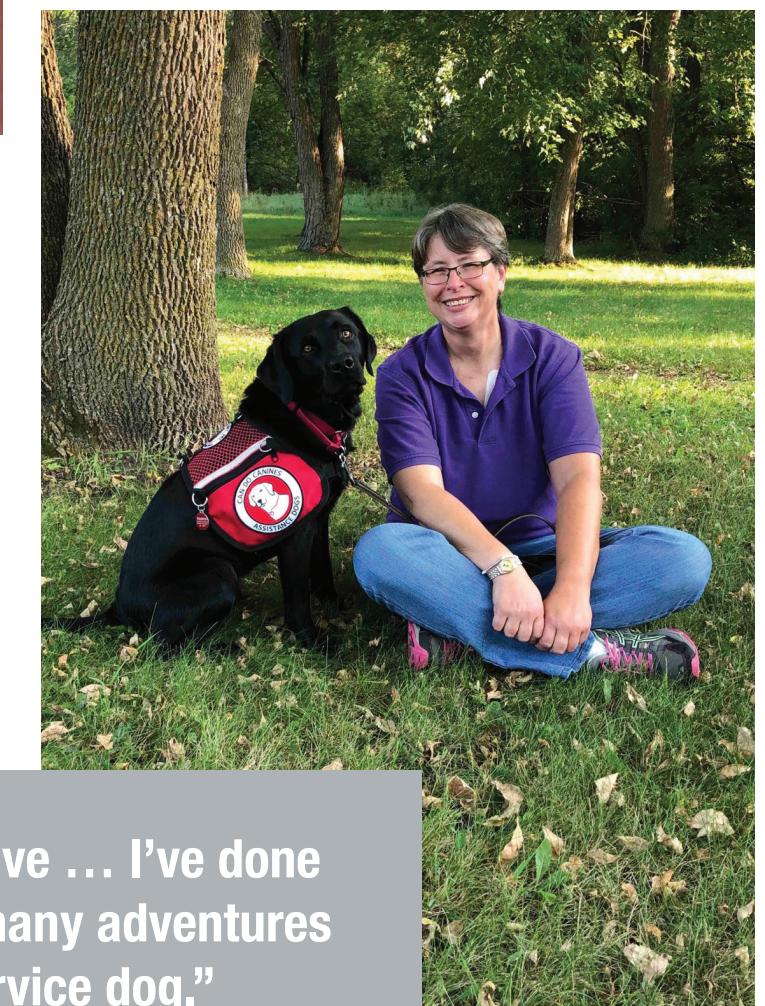

**"This will open so many  
doors for our family."**

Bennet and Autism Assist Dog Blair

**"Thank you doesn't  
even begin to express  
my gratitude."**

**"Because of my dogs, I'm alive ... I've done  
so many things and had so many adventures  
because of having a service dog."**

Mary and Diabetes Assist Dog Maui

**"It's freeing."**

**"I just feel like  
she's a piece of  
me now."**

# Congrats, grads!

Can Do Canines assistance dogs are defined by the type of assistance work they perform for their handler. Can Do Canines trains in five areas:

## Mobility

Mobility Assist Dogs work with people who have mobility challenges and other needs. They pick up and carry objects, pull wheelchairs, open doors, and help pay at tall counters.

## Hearing

Hearing Assist Dogs alert a person who is deaf or hard of hearing to sounds by making physical contact with them and leading them to the source of the sound.

## Diabetes

Diabetes Assist Dogs detect low blood sugar levels by sensing a change in their partner's breath odor. The dog alerts their partner by making physical contact.

## Autism

Autism Assist Dogs keep children with autism safe in public settings and help them experience the world more fully by offering comfort and assurance. These special dogs also serve as a social bridge between the family and the public.

## Seizure

Seizure Assist Dogs respond to a person having a seizure by licking their face, retrieving an emergency phone, and alerting other family members.

# PART OF THE PACK

Can Do Canines relies on volunteers to help make our mission a reality. Every single volunteer makes a difference, whether they're a Puppy Raiser, an office volunteer, or an event volunteer—they all help to change lives.

Some volunteer needs are greater than others. Our most in-demand volunteer positions are below.

## Puppy Raiser

Take a future assistance dog into your home for 12-18 months. Work with the puppy on basic obedience and socialization. Attend one Can Do Canines training or outing each month and take the puppy out in public during the week.

## Prison Foster

Help provide important socialization for our puppies raised in prison by bringing them into your home on weekends. Practice house manners, go on walks in your neighborhood, and socialize them to things the puppy does not experience in prison.

## Event Help

Whether greeting guests, running a game, or helping with set up and tear down, we couldn't do it without our fantastic event crew. We host three major fundraisers a year and three team graduations. Consider joining our event team!

## 2018 Volunteers

Volunteers are a vital asset to completing our mission at Can Do Canines. Their commitment, talent, and passion are unparalleled. Thank you all for sharing your time and enthusiasm with us! Puppy Program Volunteers are noted with a paw beside their name. These outstanding individuals help in a variety of ways: Breeder Hosts, Whelping Homes, Great Start Homes, Short and Long-Term Fosters, Prison Fosters, and Puppy Raisers. Each play an integral part in the success of our assistance dogs.
